

Salem Main Streets – Salem Farmers' Market
2010 Salem Farmers' Market Solicitation / Marketing Policy

Businesses or organizations interested in distributing information or free items at the Salem Farmers' Market must first receive approval from the market organizer. All those interested should contact the market organizer at sfm@salemmainstreets.org or (978)744-0004 x15 in advance of the market they hope to attend. All businesses or organizations accepted to participate in the market will be notified and assigned a specific area at the market as well as a specific date and time. No unauthorized solicitation or posting of signs will be permitted. Should additional permitting or city approval (e.g. health department approval) be necessary the soliciting group is responsible for securing this in advance of the market.
